Aim

The aim of this policy is to clarify admissions procedures and protocols for the nursery including FEE3 (part time 3 and 4 year olds), FEE2 (part time 2 year olds), extended day places and resourced provision for children with PMLD (profound and multiple learning difficulties), and 30 hour placements

Nursery Provision

The nursery has provision for:

- 24 FEE 2 funded children
- 120 FEE 3 funded children
- 4 children with Profound and Multiple Learning Difficulties

Of these places the nursery provides full- time placements (30 hours, fee payers, resourced provision) extended day care for up to 24 places.

At RONEC FEE 2 and 3 places usually consists of five sessions per week, each session lasting three hours, for 38 weeks of the year. The total number of pre-school hours is 570 per year.

Eligibility for FEE 3

Children are eligible for a FEE 3 place depending on the date of their third birthday.

Child's third birthday falls between	Entitlement begins
1 st April and 31 st August	Term 1 September (Autumn)
1 st September and 31 st December	Term 3 January (Spring)
1 st January and 31 st March	Term 5 April (Summer)

Names will be accepted onto the waiting list after a child's second birthday or as soon as the family have moved into the borough if this is later.

Explain any circumstances that you feel may give your child priority for a place. Examples include special educational needs or having a brother or sister at the school.

Parents / Carers are encouraged to visit the nursery when putting their child's name on the waiting list and make use of the Stay and Play Group whilst waiting for a nursery place.

Admissions Criteria

Each nursery school or class has a limit on how many children it can take.

- Children with assessed special educational needs will be given priority. This will usually be in the local school / class, but may be elsewhere when a child's needs can only be met at those nursery schools / class
- Children in, or who have previously been in, in care of the local authority will also be given priority for local nursery schools / classes

If there are more applications than places available, we will apply the admissions criteria below to decide which applicant gets priority. Children in a lower priority group will not be offered a place unless all the children in the group or groups higher have been offered.

Group 1: Children who will have only one term in nursery before starting primary school (reception class)

And then

Group 2: Children who will have only two term in nursery before starting primary school (reception class)

And then

Group 3: Children who will have only three term in nursery before starting primary school (reception class)

And so on

In each of the above groups if there are more children than places available we admit in the order below

Priority 1: Children who live locally and have a brother or sister on roll at the school

And then

Priority 2: Children who do not live locally but have a brother or sister on roll at the school

And then

Priority 3: Children who live elsewhere in Newham and have a brother or sister at the school

And then

Priority 4: Children who live elsewhere in Newham but do not have a brother or sister at the school

And then

Priority 5: All other children

If a decision has to be made between children in one of the groups, a place is given to the child who lives nearest to the school by walking distance. If there are any places remaining, then these are offered to other children using rules one, two, three and four (above)

Home Visits

Each family has an opportunity for a home visit with their assigned group staff. Staff will bring a home visit bag of selected resources to help children become familiar with the nursery.

It is an opportunity to share information and Parents / carers receive a Welcome Booklet and a start date.

Key Worker

Each child will be allocated a Key Worker who will develop a strong link with the family, maintain records of achievement and discuss progress with parents / carers.

However, staff work as part of class teams so children will develop significant relationships with several members of staff (class teacher, nursery nurse, nursery officer, support worker).

Transition to other settings

Where children have attended other early years settings or are known to support services keyworkers may request records / reports as this gives a greater understanding of the child. This will only be done with parental permission.

Transition within the setting

Sometimes it is beneficial for the children to move classes, and therefore keyworker, within the nursery. Any such transition will be discussed with parents / carers first and a transition programme will be devised to support the child.

Settling-In

- Each child is an individual, therefore the settling in process is adapted according to their need
- All parent's / carers are required to remain with their children during their first session
- Some children benefit from a shorter session to begin with until they have become accustomed to the parent / carer leaving and returning
- Staff will not allow children to become overly distressed and parent's / carers may be called back in such instances

- After the child has settled, usually after 15 sessions, the Keyworker will summarise progress and discuss this with the parent / carer, identifying some learning targets
